The Wine Cellar At The Lambertville Station

Tasting Discussion in the Wine Cellar
Presenter Michael Scibilia | Certified Sommelier | The
LUX Group

The birthplace of California's wine industry, Sonoma County is renowned for its diverse climate and soil conditions. Its long, dry, sunny days, cool nights, ocean breezes, and coastal fog create an ideal environment for wine production. Spanning 63,000 acres of vineyards, the county cultivates over 60 grape varieties, including Cabernet Sauvignon, Chardonnay, Zinfandel, and Merlot.

Course 1

Dry Creek Chenin Blanc

aged gruyere & mandarin oil with fresh cucumber salsa

Course 2

Dry Creek Red Zinfandel

roasted pork & cherry satay

Course 3

Dry Creek Cabernet

spiced lamb & currant pate
